Dr. Stephen Sundlof
FDA Center for Veterinary Medicine
7500 Standish Place
Rockville, MD 20855

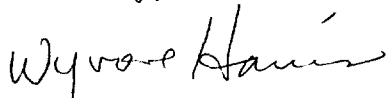

Dear Dr. Sundlof:

Please ban antibiotics used to promote growth in farm animals.

People are more concerned every day that pumping food animals full of antibiotics is causing many health problems. If people are informed about this they will not want their food filled with medacines.

Thank you,

Sincerely,

A handwritten signature in cursive script that reads "Wyvone Harris".
